

Apple Art

Apple stamping

1. Cut two apples in half. One from the stem to the blossom. The other through the middle.
2. Gather some construction paper and paint.
3. Lightly cover an apple slice with paint and let your imagination go wild. What will your apple art work look like?

Coffee filter apple

Supplies Needed

1. Coffee filters
2. Markers-red, yellow, and green
3. Water spray bottle
4. Large apple outline (see image)
5. Glue

Directions: Cut out your apple template. Make it as big as you can.

1. Use your markers to color the filter. Cover as much area as you can.
2. Spray your coffee filter with water. Watch the colors run together.
3. Let filter dry.
4. Attach your filter to the back of the apple template.

Johnny Appleseed Snack

Supplies needed

1. Apple juice box
2. 2 snack size boxes of raisins
3. Snack container of apple sauce
4. Bendable straw cut in half
5. Google eyes, black marker, brown construction paper pan hat
6. Glue or tape

Assemble Johnny and let the glue dry. Make one for you and a friend.

- Maybe like John Chapman shared his seeds, you will share a snack with your friend and talk about things that interest both of you.
