

B	I	R	D	S
				
				

DIRECTIONS: Print out several cards. Pass them out. Have each person write the name of a bird in each square. Use the birds on the picture sheets if you want. The free spaces are the baby birds on the card. Have another person cut out the pictures and be the caller.

Facts Board Game

Make your own gameboard or repurpose one you already have. Feel ambitious? Cut up a cereal box and make your own board. Here are few samples.

Use the fact sheets to make cards or pass the sheets around and let each person ask the next player a question. Mark off the questions asked.

Have fun!!

Birds You Might See in Your Yard in the Winter
